

H.A.V. inc.

Upcoming to our inventory:

Acer's Aspire series are now on stock and orderable with a variety of packages for your convenience. These are light, durable, and powerful laptops for what they cost. They feature a wide array of memory, storage, and features for your needs.

Dell's Inspiron line of desktop computer which offers a variety of different combinations to fit your price level you want. They offer a compact experience while not cutting anything out that you love.

We want your input:

If you have any suggestions for other partnerships please tell us, and as always if you have any input visit our website and go to the service request area. We are open to any way to serve you and elevate your computer experience.

Suggestion of the month:

We lately added several more items with RGB capabilities. So In the evening tone down the blue lights so that it is more red and green and that should help your eye not be as strained and allow you to rest easier in the night.

Thank you and hope to serve you soon
